

Rate Card

(& Terms and Conditions of Use)

Effective January 1 2026

Introduction

This Rate Card sets out the terms on which persons who are not Barb Underwriters may access the Barb Audience Measurement Service. Anyone who wishes to become a User of Barb's services will need to sign a Letter of Consent with Barb agreeing to the terms and conditions of this Rate Card before accessing Barb's services and, if required pursuant to the terms of this Rate Card, provide quarterly Client lists and submit a Declaration Letter.

The Barb service to which this Rate Card relates is for the reporting of in-house live and time-shift viewing via television sets and non-TV devices within 28 days of broadcast. Non-linear services where identifiable by the URL can be measured at service level on all devices and non-linear content level on TV sets.

This Rate Card is divided into three parts. Part A sets out the Fees payable, Part B sets out the general terms and conditions, and Part C sets out definitions of words and expressions capitalised in this Rate Card. Any words and expressions which are not defined in Part C shall bear their ordinary and natural meaning.

Fees payable

Sections 1 to 11 of Part A sets out the fees that are payable depending on which type of licence you select. More than one Fee may be payable. If you are unsure as to which Fee(s) you should be paying please contact Barb. Please contact Barb to discuss Fees payable for any type of usage not covered.

Barb may from time-to-time update or amend the contents of this Rate Card. Any amendments to this Rate Card will be communicated to Users via the Barb website at www.barb.co.uk (and via any other methods Barb may, in its discretion, choose to use) and shall apply from the date of any such update.

Warranty

Given the commercial sensitivity of the data that Users and End Users of its service are given access to, Barb does require that anyone who elects to use its service warrants that they will only do so in accordance with the licence that they have selected and in accordance with the underlying terms and conditions, including without limitation as to confidentiality, set out in this Rate Card. Failure to comply with these requirements will constitute a breach of the Rate Card entitling Barb to terminate any licence entered into by the relevant user with immediate effect, without limitation to any other rights and remedies available to Barb.

Part A: Fees

You must select the most appropriate licence that best applies to you from the following categories. If you are in any doubt, please contact Barb who will assist:

1 **Annual Fees for Barb reported Linear Services, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platforms**

1.1 Linear Services, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform Set-Up Fee (where applicable) **£10,145**

This is a non-refundable one-off Fee payable for each Linear, associated Non-linear Service and BVOD services, SVOD, AVOD (including FAST Channels) or Video-sharing Platforms that the Broadcaster or Service Provider wishes to have reported by Barb. It is payable on submission of an application form and also when the User materially changes the content of an existing Linear or On-Demand service so that a new unique Barb service code has to be allocated in accordance with Barb's procedures. A Linear Service, associated Non-linear Service or BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform service will not be reported unless and until the Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform Set-Up Fee (as applicable) is paid.

1.2 There are 2 mechanisms available for payment of the relevant licence fee. The Broadcaster or Service Provider may opt to choose either the Fee outlined in paragraph 1.3 which is based solely on the share of Total Identified Viewing (**Option 1**), or the Fee outlined in paragraph 1.4 which is a combination of the share of Total Identified Viewing and the share of Advertising Revenue (**Option 2**). The Broadcaster or Service Provider must inform Barb in writing of its decision regarding its selection of one of the two Fee mechanisms set out in paragraphs 1.3 and 1.4 (**Fee Option Notice**) within the period as set out in paragraph 11.11 of Part B. Following receipt by Barb of the Fee Option Notice, the mechanism for payment of the licence fee will be fixed for the duration of the Rate Card. For Linear Services that have a +1 variant or a separately reported HD variant, the Fee mechanism shall be the same as the Fee mechanism chosen for the parent channel.

1.3 **Option 1:** The annual Fee for each Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform services separately reported by Barb, is based on share of Total Identified Viewing (rounded up/down to 2 decimal places), for all individuals aged 4+, is set out below. Further Fees outlined in paragraphs 1.7 to 1.11 may also apply.

- (a) Base Fee (for share of viewing under 0.05%) **£65,790**
- (b) For each 0.1% share point from 0.05% of Total Identified Viewing a further amount shall be payable in addition to the Base Fee. The first increment is £41,330, to be followed by £37,240 thereafter for each increased percentage (%) share point.

The following table sets out, by way of example, how these Fees shall be calculated:

Share of Total Identified Viewing (%)	Increment	Annual Licence (£)
Under 0.05	-	65,790
0.05-0.14	£41,330	107,120
0.15-0.24	£37,240	144,360
0.25-0.34	£37,240	181,600
0.35-0.44	£37,240	218,840
0.45-0.54	£37,240	256,080
0.55-0.64	£37,240	293,320
0.65-0.74	£37,240	330,560
0.75-0.84	£37,240	367,800
0.85-0.94	£37,240	405,040
0.95-1.04	£37,240	442,280
1.95-2.04	£37,240	814,680
2.05-2.14	£37,240	851,920
2.15-2.24	£37,240	889,160
2.25-2.34	£37,240	926,400
3.95-4.04	£37,240	1,559,480
4.05-4.14	£37,240	1,596,720
4.15-4.24	£37,240	1,633,960
4.25-4.34	£37,240	1,671,200

1.4 **Option 2:** The annual Fees for each Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platforms separately reported by Barb is split into the aggregate of 2 parts, namely:

- (a) Part A is based on the share of Total Identified Viewing (rounded up/down to 2 decimal places) for all individuals aged 4+ and is set out below.

Base Fee (for share of viewing under 0.05%) **£49,345**

For each 0.1% share point from 0.05% of Total Identified Viewing a further amount shall be payable in addition to the Base Fee. The first increment is £31,000, to be followed by £27,925 thereafter for each increased percentage (%) share point.

The following table sets out, by way of example, how these Fees shall be calculated:

Share of Total Identified Viewing (%)	Increment	Annual Licence (£)
Under 0.05	-	49,345
0.05-0.14	£31,000	80,345
0.15-0.24	£27,925	108,270

Share of Total Identified Viewing (%)	Increment	Annual Licence (£)
0.25-0.34	£27,925	136,195
0.35-0.44	£27,925	164,120
0.45-0.54	£27,925	192,045
0.55-0.64	£27,925	219,970
0.65-0.74	£27,925	247,895
0.75-0.84	£27,925	275,820
0.85-0.94	£27,925	303,745
0.95-1.04	£27,925	331,670
1.95-2.04	£27,925	610,920
2.05-2.14	£27,925	638,845
2.15-2.24	£27,925	666,770
2.25-2.34	£27,925	694,695
3.95-4.04	£27,925	1,169,420
4.05-4.14	£27,925	1,197,345
4.15-4.24	£27,925	1,225,270
4.25-4.34	£27,925	1,253,195

- (b) Part B is based on the share of advertising revenue as defined by expressing the advertising revenue for the Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform as a percentage of the Advertising Association's reporting of total spot, including sponsorship, and VOD revenue for television (rounded up/down to 2 decimal places). For the avoidance of doubt this is gross advertising revenue before any deductions are made, with the exception of agency discount.

Base Fee (for share of advertising revenue under 0.05%) **£16,445**

For each 0.1% share point from 0.05% a further amount shall be payable in addition to the Base Fee. The first increment is £10,330, to be followed by £9,315 thereafter for each increased percentage (%) share point.

The following table sets out, by way of example, how these Fees shall be calculated:

Share of Advertising Revenue (%)	Increment	Annual Licence (£)
Under 0.05	-	16,445
0.05-0.14	£10,330	26,775

4.15-4.24	£9,315	408,690
4.25-4.34	£9,315	418,005

For the +1 Linear Service variant, or separately reported HD variant, the advertising revenue will be included with the Advertising Revenue for the parent channel.

- 1.5 When providing commercial revenue, Barb will agree that it shall enter into a Clean Team Agreement Letter in substantially the same form as set out in Annexure D of this Rate Card. Barb reserves the right to audit commercial revenue figures that have been provided to it so as to ensure the correct Fee.
- 1.6 Payment of the annual Fees listed in either paragraph 1.3 and 1.4 will also entitle the User to use Data for publicising the Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platforms and promoting sales of airtime and/or sponsorship opportunities.
- 1.7 For BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform Services which are measured using the Barb Tag, the census data collection costs will be covered up to a limit of 10 billion hours per year. Any hours in excess of this will be charged at **£2,010** per 10 million hours. The Fees set out in this paragraph 1.7 for the reporting of BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform Services who have implemented the Barb SDK for measurement using the Barb Tag shall be payable in addition to the Fees set out in paragraphs 1.3 or 1.4. The terms and conditions set out in Part B, paragraphs 4 and 5 of this Rate Card will apply.
- 1.8 Reporting of simulcast Linear Services, e.g. high definition ("**HD**") Linear Services:
 - (a) Broadcasters have the option to have viewing to HD Linear Services reported separately at the Fees stated in paragraphs 1.3 or 1.4. Alternatively, upon request to Barb, viewing

to HD Linear Service that are 100% simulcast with a Barb-reported Standard Definition ("SD") Linear Service may be included in the audience reported to the SD Linear Services as follows as part of the same Databases:

- | | | |
|------|--------------------|---------------|
| (i) | Service Set-Up Fee | £2,195 |
| (ii) | Annual Fee | £2,660 |
- (b) Further (subject to technical feasibility) a Broadcaster may opt to have viewing to a 100% simulcast HD Linear Service reported in a separate Database ("**Database 1**") (but not in Database 2 where it will be aggregated with viewing to the SD Linear Service) as follows:
- | | | |
|------|--------------------|---------------|
| (i) | Service Set-Up Fee | £4,390 |
| (ii) | Annual Fee | £5,320 |
- (c) Simulcast HD Linear Services that opt to be reported separately will be required to pay the additional cost of encoding the broadcast stream in order for viewing on these platforms to be reported.

The Fees set out in this paragraph 1.8 for the reporting of simulcast Linear Services shall be payable in addition to the Fees set out in paragraph 1.3 or paragraph 1.4.

1.9 Encoding or Watermarking broadcaster originating source content

In a small number of circumstances, it is not possible to ascertain definitively where content which is simulcast or a repeat transmission emanates from. Encoding or watermarking content is an option for Users to enable Barb to more accurately determine which is the originating source for simulcast or repeat played-back material. For the avoidance of doubt, all viewing in these circumstances can be captured and allocated to transmission content but encoding or watermarking ensures that the originating source can also be identified. If fees are applicable when deploying the encoder or watermark, such fees shall be discussed and agreed between Barb and the User prior to deploying such encoder or watermark. Further information about the encoding system, its implementation and potential fees is available upon request.

1.10 Any encoding or watermarking costs incurred in measuring Linear Services, associated Non-linear Services, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform Services including (without limitation) at the content/creative level an annual maintenance fee of **£1,945** per annum, will be passed on and shall be notified to the relevant User prior to such costs being incurred and will be payable by the User following the User's consent in writing to such costs being incurred.

1.11 Programme and spot amendment services are provided by Barb, intended to correct small numbers of errors that may be discovered subsequent to the original submission of programme and commercial logs. Logs delivered outside the amendment cycles (please see the amendment cycles timetable as published on the relevant Data Processing Contractor's website) will be subject to a late amendment Fee which will be

advised by Barb in advance and invoiced by the relevant Data Processing Contractor.

- 1.12 Broadcasters and Service Providers who hold a licence under paragraph 1.3 or paragraph 1.4 are eligible to have their service included in the Pre Campaign Planning and the CFlight Service. Documentation about the frameworks and how to participate are available from Barb upon request.
- 1.13 A User who holds a Licence under this paragraph 1 may use pre-compiled Barb Data in promotional materials (**Promotional Materials**) it shares with a Third Party Reseller Organisation that does not hold a Licence under paragraph 7 of Part A if the following conditions are met:
- (a) the pre-compiled Barb Data shall be used solely to promote the User's own services;(b) the pre-compiled Barb Data does not include viewing figures for any non-registered services reported by Barb;
 - (b) the pre-compiled Barb Data shall not be provided in a format which enables a Third Party Reseller Organisation to re-compile the Barb Data in a different way to that which is intended by the relevant User or to use the Barb Data for its own purposes; and
 - (c) the User shall ensure that the Third Party Reseller Organisation does not use the pre-compiled Barb Data for its own purposes.
- 1.14 Subject to paragraph 1.15, a Third Party Reseller Organisation may use Promotional Materials on behalf of a User that holds a licence under this paragraph 1 during virtual or in-person sales meetings without the need for employees of the relevant User to be present.
- 1.15 The User shall procure that the Third Party Reseller Organisation will copy the User into all written and electronic correspondence sent by the Third Party Reseller Organisation which includes Barb Data that has been compiled and supplied by the User pursuant to this paragraph 1 and the User shall ensure that the Third Party Reseller Organisation does not act in any way that is in contravention with paragraphs 1.13, 1.14 and 1.15.
- 1.16 For the avoidance of doubt, the provision of pre-compiled Barb Data to a Third Party Reseller Organisation pursuant to paragraph 1.13 does not give the Third Party Reseller Organisation full access to Data, which may only be obtained by purchasing a licence under paragraph 7 in Part A.

 - (b) procure that the Data Processing Contractor(s) report and include audience measurement information in the Data for each Barb reported Service.
- 1.2 Barb shall take reasonable steps (having regard to the nature of Barb and the resources that are available to Barb) to ensure that Data Processing Contractors follow the procedures which have been agreed between Barb and such Data Processing Contractors for the carrying out of the research and the provision of Data for the Service.
- 1.3 Barb shall be entitled, on 30 days' written notice, to vary the nature, substance, quality and quantity of the Data but shall not be entitled to exercise this right unreasonably. Except for any variation by Barb that results in an Enhancement of Rights, in the event that Barb exercises its right under this paragraph, the User may, notwithstanding any other provision in this Rate Card or any other right or remedy, terminate its agreement under this Rate Card on not less than 30 days' written notice to Barb. The User agrees that any variation that results in an Enhancement of Rights shall not entitle it to terminate its agreement under this Rate Card pursuant to this paragraph.

2 Reporting of Linear Services

- 2.1 Upon Barb commencing reporting viewing to a Linear Service, the User must supply immediately and on an ongoing basis to Barb, or Barb's Data Processing Contractor(s), in the time, manner and format set out in such specification or rules as the Data Processing Contractor(s) may from time to time publish:
- (a) accurate (to within one second) information about the timing and duration of programmes and commercials included in each Linear Service provided by the User;

- (d) such other information as Barb or the Data Processing Contractor(s) may from time to time require for the purposes of reporting the channel.

- 2.2 The User shall promptly notify any changes, errors or amendments to the information referred to in paragraph 2.1 to Barb (or, if Barb so requests, to the Data Processing Contractor(s) in such format as the Data Processing Contractor(s) may from time to time require) in accordance with the terms of this Rate Card.
- 2.3 If the User fails to provide or keep up to date the information referred to in paragraph 2.1 in relation to any channel which it provides, such channel may not be separately reported.
- 2.4 Where the User repeatedly submits programme logs or the information referred to in paragraph 2.1 for a particular channel late (as defined by reference to the specifications or rules published by the Data Processing Contractor(s)), Barb reserves the right to instruct the Data Processing Contractor(s) to cease reporting that channel until such time as Barb is satisfied (acting reasonably) that the information will henceforth be provided in a timely fashion.
- 2.5 Where the User wishes to make amendments, for the purpose of correcting errors, to information submitted in accordance with paragraph 2.1, Barb shall use its reasonable endeavours to procure that the Data Processing Contractor(s) implements such amendments. Barb reserves the right to charge the User a reasonable Fee for amending the information referred to in paragraph 2.1.
- 2.6 Programme titles must conform to the accepted Barb convention and Broadcaster Content IDs should be provided for each content asset.

3 **Reporting of SVOD, AVOD and Video-sharing Platforms**

- 3.1 Barb uses a whitelist of Video-streaming Services recognised by router meters in order to identify and measure aggregate-viewing levels to SVOD, AVOD and Video-sharing Platforms. In order to maximise the accuracy of reporting, it is requested that SVOD, AVOD and Video-sharing Platforms which hold a Barb Licence, where possible, supply the following to Barb:
 - (a) The URL structures for all their assets which will allow for a top-line aggregate viewing measurement; and

- (b) For complete content level viewing the player or platform must tag using the Barb SDK software and provide metadata for non-TV devices (as detailed in paragraph 4, Part B) and either tag or provide audio assets and references to the required convention for their programme content for measurement of viewing on TV sets. Programme titles must conform to the accepted Barb convention and Content IDs plus associated metadata must be provided for each content asset.
- (c) If URL structures are deemed too generic and the service provider cannot use the SDK software then to enable differentiation of a specific service, another Barb recognised technique, such as watermarking, shall be used to identify consumption of the service. The service provider will work with Barb to support this.
- (d) If the service provider has separate advertising supported and subscription supported users, the service provider will work with Barb to ensure that the advertising supported users can be identified through watermarking or another technique agreed with Barb.

4 Reporting of Video-streaming Services using the Barb SDK for measurement using the Barb Tag or other techniques

- 4.1 Each Video-streaming Services Provider which has implemented the Barb SDK hereby agrees that it will use all reasonable endeavours to work with the Data Processing Contractor to the extent reasonably necessary to enable the Data Processing Contractor to measure and report viewing of its Video-streaming Service.
- 4.2 Each Video-streaming Services Provider hereby agrees that it will (subject to paragraphs 4.6, 4.7 and 4.8):
 - (a) install the Plug-In provided by the Data Processing Contractor onto its Video-streaming Service or work with the Data Processing Contractor to install the Plug-In as soon as practicable after delivery of the Plug-In by the Data Processing Contractor;
 - (b) allow the Data Processing Contractor access to the Video-streaming Service on a continuing basis for the purpose of allowing the Plug-In to collect the Data;
 - (c) allow the Data Processing Contractor to extract the Data via the Plug-In; and
 - (d) allow the Data Processing Contractor, Barb and/or any sub-contractor appointed to process the Data, as well as allowing access to the Data to any auditor appointed pursuant to the Data Processing Contractor Agreement.
- 4.3 In the event that a Video-streaming Services Provider becomes aware of any issue, technical or otherwise, preventing the extraction of the Data it will notify Barb, such notification to be made as soon as practicable after the Video-streaming Services Provider

becomes aware of the issue and in any event within 2 Working Days.

- 4.4 In the event that an issue occurs which prevents the Plug-In from extracting the Data or which means that use of the Plug-In has a material detrimental effect on the Video-streaming Service, where possible, the relevant Video-streaming Services Provider will use all reasonable endeavours to assist the Data Processing Contractor to resolve such issue, at the Video-streaming Services Provider's sole cost (as applicable) where such issue is caused by a fault or defect in the Video-streaming Service solely, and otherwise at the reasonably incurred costs to be apportioned between the relevant Video-streaming Services Provider and the Data Processing Contractor on a pro rata basis according to fault.
- 4.5 Each Video-streaming Services Provider will notify Barb as soon as practicable in the event that it develops or otherwise uses a Video-streaming Service which it has not notified Barb of in writing previously. The Video-streaming Services Provider will work with the Data Processing Contractor to ensure that the Data from such additional Video-streaming Service is measured in accordance with the terms of this Rate Card.
- 4.6 Notwithstanding any other provision in this Rate Card, a Video-streaming Services Provider shall be entitled to suspend access to its Video-streaming Service in the event that:
- (a) continued use of the Plug-In constitutes an infringement of third party intellectual property rights;
 - (b) any legislation is enacted or regulation brought into force which would make continued use of the Plug-In or the Video-streaming Service unlawful; or
 - (c) the use of the Plug-In has a material detrimental effect on the performance of the Video-streaming Service (in which case paragraph 4.4 shall apply),
- and in each event above the suspension of access may continue for the duration of the specific event. In the event of access to a Video-streaming Service being suspended, the Video-streaming Services Provider shall inform Barb of this in writing in advance.
- 4.7 A Video-streaming Services Provider shall not be required to provide access to a Video-streaming Service where (i) such Video-streaming Service is not available to the general public; (ii) the viewing figures for such Video-streaming Service do not reach a material threshold (such threshold to be agreed between Barb and the relevant Video-streaming Services Provider) such as to justify the costs of implementing the Plug-In; or (iii) the Video-streaming Service is to be discontinued within six months of the date on which the Video-streaming Services Provider refuses access to that Video-streaming Service.
- 4.8 Notwithstanding any other provision in this Rate Card, and paragraph 4.2(c) in particular, Barb shall ensure that the Data Processing Contractor allows Users to implement, at each Video-streaming Services Provider's discretion, an option that allows an individual viewer

to notify the Data Processing Contractor that such viewer's data is not to be processed by the Data Processing Contractor, and in the event that such notification has been made, the Data Processing Contractor shall, to the extent it is technically possible to do so, delete such data immediately after collection and shall not process, anonymise or aggregate such data and such data shall not form part of the Data.

- (b) If the User is deemed by Barb to be an advertiser , then such advertiser shall:
- (i) keep CFlight Output Data confidential and use it solely for their business purposes to assess the effectiveness of their linear and/or VOD campaigns (provided that such business purposes relate to the relevant advertiser entity and not its wider group or any affiliates); and
 - (ii) not disclose CFlight Output Data or CFlight Insights to any third parties (including media auditors, affiliates or companies within the same group of companies) except in respect of their main appointed Permitted Media Agencies (who, for the avoidance of doubt, have access to the CFlight Service as permitted in accordance with the terms of the CFlight Participation Agreement), and only on the basis that (i) such Permitted Media Agencies are subject to confidentiality obligations; and (ii) the CFlight Output Data and/or CFlight Insights are not combined with any other datasets or used in conjunction with any planning or buying platforms or organisations who are looking to 'pool' datasets and are not directly involved in the transactional relationship between the advertiser, agency and broadcaster.

The User acknowledges that Barb retains sole discretion in granting a User access to the Pre Campaign Planning or the CFlight Service or both and that Barb's decision is final.

- (d) give each relevant Video-streaming Services Provider an opportunity to perform

its own acceptance test of the Plug-In (and any updates and revisions) to ensure that the use or integration of the Plug-In does not and will not adversely affect Video-streaming Services and each relevant Video-streaming Services Provider will not be obliged to implement any update or revision where such update or revision has a significant adverse effect on the Video-streaming Service;

- 8.9 Where the User provides Barb-Related Services to its Clients pursuant to this Rate Card, it shall ensure that each of its Clients to whom it provides Barb-Related Services is made aware of the limitations contained in this Rate Card on the Client's use of the Data and shall ensure its Clients are either Users or End Users. If a User fails to comply with the obligations set out in this paragraph 8.9, Barb shall be entitled to terminate all Barb Licences held by such User upon written notice with immediate effect.
- 8.10 A User may only create, issue or publish its own television and Video-streaming Services data (whether or not it has used Data in verifying, substantiating or calibrating such data) in accordance with the terms of this paragraph 8.10 and paragraph 8.11. A User shall not, and shall procure that its Clients shall not, refer to, adopt or otherwise use the Barb name or any derivatives of the Barb name or logos associated with the Barb name in conjunction with the operation of the Rate Card, including in respect of any such data or in any manner which might suggest, or may lead a person to believe, that the data is provided by, verified by or derived from Data without first obtaining the prior written consent of Barb which may, in its absolute discretion, attach such conditions to such reference, adoption or use as it considers fit.
- 8.11 If a User creates, issues or publishes its own television and Video-streaming Services data, and for the purpose thereof the User has either integrated the Data with other data (such other data being hereinafter referred to as "**Non-Barb Data**") or used the Data for the process of calibrating the integration of other sources of Non-Barb Data, such User may only integrate the Non-Barb Data with the Data, or use the Data to calibrate Non-Barb Data (as applicable), where such Non-Barb Data:
- (a) is obtained from sources which calculate television and Video-streaming Services data by reference to definitions of: (i) programme reach; (ii) channel/service reach;

and (iii) campaign reach and frequency, or their respective equivalent definitions, which are objectively equivalent to those definitions used by Barb in order for it to publish its Data and therefore sufficiently similar to enable a fair and accurate aggregation or calibration of the Non-Barb Data and the Data; and

- (b) such definitions are ratified to recognised industry standards, as defined and transparently documented by joint industry currencies or organisations such as (but without limitation) the Media Ratings Council.

Where Barb generates broadcast timings of commercial spot airtime from Data, Users will not integrate or use such Data with Non-Barb Data to create campaign reach and frequency. Campaign reach and frequency may only use Barb viewing Data and any other use of commercial spot airtime information for generating estimates of campaign performance is strictly prohibited. More information about the integration of Non-Barb Data with Barb Data is available in the guidance note from Barb which is updated periodically.

- 8.12 Paragraph 8.11 of Part B of this Rate Card shall apply to all Barb Users. Barb permits such Users to enable their respective Clients to apply customised definitions of (i) programme reach; (ii) channel/service reach; and (iii) campaign reach and frequency (or their respective equivalent definitions) for the purpose of analysing the Data as permitted under their End User Licence, provided that analysis settings default to definitions ratified to recognised industry standards, as defined and transparently documented by joint industry currencies or organisations such as (but without limitation) the Media Ratings Council. Each User shall be responsible for demonstrating to Barb that it has complied with paragraph 8.11 upon request from Barb for evidence of the same. If in Barb's opinion a User is not compliant with paragraph 8.11, Barb shall have the right to suspend the User's Barb Licence and any End User Licence in respect of a Client of such User, until such time as the User can demonstrate to Barb's satisfaction that paragraph 8.11 has been complied with.
- 8.13 Each User shall fully indemnify Barb in respect of any Losses caused to or suffered by Barb as a result of such User's failure to comply with (or to procure an End User Licence holder's compliance with) the terms and conditions of the Rate Card.
- 8.14 A Consultant is permitted to access a User or an End User's Data without needing a separate End User Licence provided that the following criteria are met:
 - (a) the Consultant typically works from the User or End User's offices and uses such User or End User's facilities like any other employee of the User or End User;
 - (b) the Consultant is working with Data exclusively for one Client at a time; and
 - (c) the Consultant does not advertise, whether on his or her website or otherwise, that it provides Barb-Related Services.

- 8.15 A software company is permitted to access a User or an End User's Data without needing its own, separate Licence where it is building a software system that will allow the User or End User to analyse Data. The software company will require a Licence as outlined in paragraph 3, Part A of this Rate Card if it uploads Barb Data on an ongoing basis to the User or End User's software system once it is built.
- 8.16 Users holding any of the licences granted under paragraphs 1, 2, 3, 5, 6, or 11 of Part A only may purchase the licence set out in paragraph 8 of Part A. The Data provided under the licence set out in paragraph 8 of Part A may not be shared with any SVOD, AVOD (including FAST Channels) and Video-sharing Platform Providers whose viewing Barb is capturing and reporting under this licence but are not a Barb User. A current list of providers who are not a Barb User, and hence data should not be shared with, is available to view on the Barb website.
- 8.17 Users holding a licence granted under paragraph 3 of Part A, who have a software system that provides analytical services or offer Barb-Related Services, may provide the Data received by them in respect of SVOD, AVOD (including FAST Channels) and Video-sharing Platform data to holders of licences granted under paragraph 8 of Part A.
- 8.18 Delivery of the Data under this paragraph will be subject to regular independent audit by or on behalf of Barb, to ensure that only licence holders under paragraph 8 of Part A of this Rate Card are receiving the Data made available under the licence and they are using it in accordance with its terms. Barb reserves the right to audit users of the Data shared via the licence granted under paragraph 8 of Part A to ensure that the terms and conditions of the licence and this paragraph of this Rate Card are being adhered to.
- 8.19 If a User is a Broadcaster and holds a licence under paragraph 1.3 or 1.4 of Part A, by signing the Letter of Consent, the User consents to Barb's Contractors accessing all of such User's broadcast channels for the specific purpose of audience measurement.

9 Accuracy of Data and Liability

- 9.1 Barb does not warrant the accuracy of the Data and accepts no liability whatsoever to the User in relation to the Data or the Service whether in contract, tort or otherwise including liability for any errors, defects or omissions in the Data, any harm caused to any computer system caused in whole or in part by the installation or uploading of the Data onto that system, delays in the delivery of the Data or any breakdown or cessation of the Service or the supply of the Data from the Data Processing Contractor(s) howsoever caused.
- 9.2 Without prejudice to paragraph 9.1, the User hereby acknowledges that the Data (in whatever form) is the result of statistical sampling and survey procedures which are designed to produce estimates of television audiences within the limits of normal statistical error.
- 9.3 In no circumstances shall Barb be liable to the User in contract, tort or otherwise for loss (whether direct or indirect) of profits, goodwill, business (including advertising revenue)

or anticipated savings or for any indirect or consequential loss whatsoever (including any such loss suffered by any other person in circumstances where that person is entitled to recover the same from the User).

9.4 If either party (the "affected party") is affected by Force Majeure it shall promptly notify the other party of the nature and extent of the circumstances in question. Notwithstanding any other provisions of this Rate Card, neither party shall be deemed to be in breach of this Rate Card, or otherwise be liable to the other, for any delay in performance or other non-performance of any of its obligations under this Rate Card (other than any obligation to pay any moneys as they fall due) to the extent that the delay or non-performance is due to Force Majeure of which it has notified the other party and the time for performance of that obligation shall be extended accordingly. If the affected party is prevented by Force Majeure from performing its obligations under this Rate Card (other than any obligation to pay any moneys as they fall due) for a continuous period of three months or more, either party may terminate this Rate Card forthwith on written notice to the other. Where Barb is the affected party and this Rate Card is terminated under this paragraph, Barb shall refund to the User any sums paid in advance on a pro rata basis.

9.5 Without prejudice to the foregoing, Barb's liability to the User in contract, tort or otherwise arising under or in connection with this Rate Card for any incident or series of related incidents shall be limited to the lesser of:

- (a) a reasonable proportion (having regard to the direct loss suffered by the User and any direct losses suffered by other Users to Barb as a result of the incident or series of related incidents in question) of such sum as Barb is reasonably able to recover from the Contractors in respect of such incident or series of related incidents, and
- (b) £500,000,

but shall not in any event exceed the actual amount of the liability so incurred.

9.6 Paragraph 9.5 shall not apply in circumstances where as a result of an incident or series of related incidents that affects or is likely to affect all or a significant proportion of Barb's Users such that Barb's liability in aggregate to all affected Users in respect of such incident or series of related incidents would (but for this paragraph 9.6) exceed the level of Barb's insurance cover from time to time. In such circumstances, Barb's liability to the User in contract, tort or otherwise arising under or in connection with this Rate Card shall be limited to the greater of:

- (a) a reasonable proportion (having regard to the direct loss suffered by the User and any direct losses suffered by other Users to Barb as a result of the incident or series of related incidents in question) of such sum as Barb is reasonably able to recover from the Contractors in respect of such incident or series of related incidents; and

- (b) such sums as are recoverable under Barb's insurance cover apportioned pro rata to the value of each User's claim,

but shall not in any event exceed the actual amount of the liability so incurred.

- 9.7 Barb shall use its reasonable endeavours to maintain an appropriate level of insurance cover having regard to the resources available to Barb, the nature and scale of possible claims against Barb, availability of appropriate insurance at a reasonable premium and other factors that appear relevant to Barb (acting reasonably).
- 9.8 Each provision, including any part of any provision, of this paragraph is to be construed as a separate exclusion or limitation applying and surviving even if for any reason one or other of such provision (or part thereof) is held to be inapplicable or unreasonable in any circumstances and shall remain in force notwithstanding termination of this Rate Card.
- 9.9 Barb does not hereby exclude or restrict liability either for death or personal injury resulting from its own negligence or for fraud.
- 9.10 References in this paragraph 9 to tort include negligence and breach of statutory duty.
- 9.11 Except as expressly stated in this Rate Card, all warranties and conditions whether express or implied by statute, common law or otherwise (including but not limited to the implied conditions, warranties or other terms as to satisfactory quality, fitness for purpose or as to the use of reasonable care and skill) are hereby excluded to the extent permitted by law.

10 **Data Protection and Privacy of Panel Members**

- 10.1 For the purposes of this Rate Card, the terms "processing", "personal data", "controller", "processor" and "data subject" shall bear the same meanings as set out in the UK General Data Protection Regulation.
- 10.2 Each of Barb and the User agrees and acknowledges that:
 - (a) the provision of the Service by Barb shall not involve the transfer of any personal data relating to Panel Members from Barb to the User;
 - (b) to the extent that either of Barb or the User processes personal data under or in connection with this Rate Card, each party shall act as a separate controller; and
 - (c) each of Barb and the User shall, at its own expense, ensure that it complies with the applicable requirements of the Legislation in respect of any personal data that it processes under or in connection with this Agreement.
- 10.3 The User represents, warrants and undertakes to Barb that it shall not, directly or indirectly under any circumstances actively seek to discover (or permit to be discovered) the identity of the Panel Members, whether by reverse engineering or decompiling Data,

correlating or cross-referencing Data with the User's own data regarding the identity of the User's Clients, or otherwise.

- 10.4 The User acknowledges that Barb does not have consent from the Panel Members to allow Barb to disclose the identity of those Panel Members to it or any third party. Accordingly, any attempt by the User (including without limitation any End User) to discover the identity of all or any of the Panel Members may result in a fine, payment for damages and/or criminal sanctions being imposed upon Barb. In the event that a fine, payment for damages and/or criminal sanction is imposed upon Barb as a result of such actions by the User (which shall include without limitation by any End User), the User shall indemnify Barb against all Losses in relation thereto.
- 10.5 In the event that the User discovers the identity of any Panel Member, including through the use of an AI System (including a Large Language Model) as permitted under Paragraph 7, Part B, the User shall not attempt to contact that Panel Member and shall promptly notify Barb that it has discovered the identity of a Panel Member. In such circumstances, Barb shall be entitled to take any steps which it considers reasonably necessary in order to protect the integrity of the Service and the Data and the anonymity of the Panel Member, including the suspension of the User's access to Data.
- 10.6 Barb reserves the right, on reasonable notice, during normal business hours and acting confidentially, either itself or through an appointed agent or representative, to inspect the User's premises for the purpose of establishing that the User has not breached, is not in breach of, and has not made any attempts to breach this paragraph 10. The User shall co-operate with any such investigation and shall ensure its employees co-operate with any such investigation.
- 10.7 Each of Barb and any Users (which shall include, for the avoidance of doubt, any Broadcaster and Video-streaming Services Provider) shall comply with the Legislation so far as it is applicable in undertaking its obligations under this Rate Card (and in particular unless otherwise set out in this Rate Card, each User shall only be responsible for compliance with the Legislation under this Rate Card in relation to the Contract Data until the point in time of the collection of the Contract Data by the Data Processing Contractor, to the extent applicable).
- 10.8 Barb and the relevant Video-streaming Services Provider who chooses to tag their content using the Barb SDK shall be joint controllers in respect of the Customer Personal Data.
- 10.9 Barb shall engage the Data Processing Contractor as its processor in respect of its processing of the Customer Personal Data.
- 10.10 Without limiting the parties' obligations under this paragraph 10, each of Barb and any Video-streaming Services Provider that has implemented the Barb SDK shall abide by its own data protection and data security policies in undertaking any processing of data under this Rate Card.

- 10.11 Video-streaming Services Providers that have implemented the Barb SDK hereby consent to the Data Processing Contractor collecting the Contract Data via the Plug-In on behalf of Barb subject to Barb's compliance with paragraph 10.17 and paragraph 10.18.
- 10.12 Barb warrants and undertakes that it will and it will ensure that the Data Processing Contractor and its sub-contractors, employees, agents and/or independent contractors will:
- (a) subject to paragraph 10.12(b), treat all Customer Personal Data as personal data;
 - (b) duly observe and comply with the obligations set out in the Legislation in connection with this Rate Card and the Customer Personal Data, regardless of whether the Legislation is applicable to the Customer Personal Data (except in relation to any requirement to make third party notifications, obtain data subject consents other than pursuant to paragraph 10.12(e), or comply with data subject requests other than pursuant to paragraph 10.12(e), to the extent the same is not required by the Legislation in relation to such Customer Personal Data);
 - (c) treat all Contract Data as confidential;
 - (d) not transfer, or permit the transfer of, the Customer Personal Data outside the UK, including by its sub-contractors, employees, agents and/or independent contractors unless such transfer is made where reasonably practicable with the prior written consent of Barb and in any event, in accordance with the Legislation;
 - (e) promptly provide such assistance as a Video-streaming Services Provider who has implemented the Barb SDK may reasonably require (including a copy of all relevant Customer Personal Data (to the extent that such Customer Personal Data is "personal data") in order for a Video-streaming Services Provider to deal with any request for subject access under the Legislation and assist the Video-streaming Services Provider in its management of access requests, queries and complaints, provided that (i) the Video-streaming Services Provider reimburses Barb's reasonable and pre-agreed costs of providing such assistance, and (ii) Barb uses all reasonable endeavours to minimise such costs;
 - (f) implement and maintain appropriate technical and organisational measures to protect the Customer Personal Data against accidental or unlawful processing, destruction or accidental loss, alteration, unauthorised disclosure or access or damage, and against all other unlawful forms of processing sufficient to comply with the obligations imposed by the Legislation and where relevant and reasonably practicable the information security policies as notified to Barb from time to time (within a reasonable period of time from the date of notification) to ensure the Customer Personal Data is kept securely;
 - (g) notify each Video-streaming Services Provider who has implemented the Barb SDK as soon as possible and in any event, within 48 hours, (or sooner where required

in order to comply with applicable Legislation) if it becomes aware of, or reasonably suspects the occurrence of, any unauthorised or unlawful processing, loss of, damage to or destruction of any of the Customer Personal Data or of any other data security breach under the Legislation;

- (h) use measures which are consistent with good industry practice and reflect current technology and regulatory requirements to anonymise the Contract Data;
- (i) not retain Customer Personal Data or any copies or records incorporating Customer Personal Data for longer than is reasonably necessary to carry out the Services other than as provided for in paragraph 10.12(j) below; and
- (j) on 5 Working Days' written notice from a Video-streaming Services Provider who has implemented the Barb SDK either exercising its rights pursuant to this Rate Card or notifying Barb of an individual's exercise of his or her rights pursuant to the Legislation, such notice requiring that Barb and the Data Processing Contractor cease collecting or otherwise processing their data and/or delete certain data, to cease to process the relevant Customer Personal Data (provided that where all collection from a Video-streaming Services Provider's Video-streaming Service is to cease, the Video-streaming Services Provider has deactivated the Plug-In in the Video-streaming Service) and/or delete or destroy the relevant Customer Personal Data (except for so long as such Customer Personal Data is required to be held in relation to audit or regulatory requirements or where such Customer Personal Data is contained in electronic backups made in the normal course of the Data Processing Contractor's business, provided it continues to be kept in accordance with this paragraph 10.12 for such time and is deleted as soon as reasonably practicable thereafter).

10.13 The Data Processing Contractor will only return the Contract Data back to the Video-streaming Services Provider who has implemented the Barb SDK or provide the Contract Data to Barb in an anonymised and non-aggregated form.

10.14 Barb confirms and warrants that, subject to paragraph 10.12(e), it will not have or seek to have direct access to Customer Personal Data.

10.15 Each Video-streaming Services Provider who has implemented the Barb SDK hereby warrants and undertakes that it will obtain and maintain all necessary registrations, notifications and authorisations required to permit the Data Processing Contractor to collect the Customer Personal Data via use of the Plug-In, and to the extent required for it to be processed lawfully in accordance with the Legislation, provided that where Barb believes registrations, notifications and authorisations are necessary for activity beyond the scope of the services of the Data Processing Contractor Barb will request in writing that the Video-streaming Services Provider obtain such registrations, notifications and authorisations, and the Video-streaming Services Provider will not refuse such requests unreasonably.

10.16 Barb will be solely responsible for ensuring:

- (a) the Data Processing Contractor will anonymise or otherwise process the Customer Personal Data in accordance with paragraph 10.12(h); and
- (b) the Data Processing Contractor will combine the anonymised Customer Personal Data with other data of Barb in its possession in order to develop the Service in accordance with the instructions from Barb from time to time.

10.17 Barb represents, warrants and undertakes that all Data provided by the Barb-Related Services to a Video-streaming Services Provider who has implemented the Barb SDK (including the combined data referred to in paragraph 10.16(b)) will have been anonymised or otherwise processed such that it does not constitute the 'personal data' of that Video-streaming Services Provider's viewers under the Legislation.

10.18 Barb shall at all times whether during or after termination or expiry of this Rate Card indemnify, defend and hold harmless the Video-streaming Services Providers who have implemented the Barb SDK and their directors, officers, employees, successors and assigns ("**Indemnified Parties**") from any and all Losses arising from or in connection with the failure by Barb to ensure that the Data Processing Contractor and its sub-contractors, employees, agents and/or independent contractors comply with the obligations set out in paragraph 10.12 (a "**DP Claim**"), provided that the Indemnified Parties use their reasonable endeavours to mitigate their Losses in respect of the DP Claim and provided that Barb has successfully recovered such Losses from the Data Processing Contractor, having used its best endeavours to do so.

10.19 The maximum liability of Barb for any breach or series of related breaches of this paragraph 10 shall not exceed £2,000,000 (two million GBP) and the aggregate liability of Barb for the period of the relevant contract between Barb and the Data Processing Contractor shall not exceed £6,000,000 (six million GBP).

11 **Payment Terms**

11.1 Fees (except for the Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform Set-Up Fee and any End User Licences) payable in relation to any Year shall be payable quarterly in advance in equal instalments on 2 January, 1 April, 1 July and 1 October in each Year. The Licence Fees payable under paragraphs 1, 2.1(a), 2.1(b) (but for the avoidance of doubt not 2.1(c) or 2.2(b)), 3 (excluding 3.13(b) and (c)), 4, 5, 6, 7, 8, 9 (excluding 9.1(b)), 10 and 11 of Part A by a person who becomes a User during the course of a Year shall be the total annual Fee that would have been payable had that person been a User since the beginning of that Year (the "**Total Annual Fee**"), prorated to the beginning of the month during which that person became a User (the "**Prorated Fee**"). An initial payment shall be due and payable on the date that person became a User which shall be calculated as the amount of the Prorated Fee less an amount or amounts of 25% of the Total Annual Fee per quarter remaining in the Year. 25% of the amount of the Total Annual Fee shall then be due and

payable in each subsequent quarter. Notwithstanding the previous two sentences, where a person becomes a User during the fourth quarter the Prorated Fee shall be immediately due and payable on the date on which the person becomes a User.

- 11.2 The Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform Set-Up Fee is a non-refundable one-off Fee payable in respect of each Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform the User wishes to have separately reported by Barb. It is payable in full on submission of the completed User application form and thereafter on each occasion when the User materially changes the content of an existing Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform to the extent that a new unique Barb service code has to be allocated, in accordance with Barb's procedures. A Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platforms shall not be reported unless and until the Set-Up Fee is paid.
- 11.3 Fees in relation to End User Licences shall be payable annually in advance before any Barb-Related Services are provided to an End User. It is the User's responsibility to make sure each of its Clients is a User in its own right or has a paid-up End User Licence. Where a new End User was not in possession of an End User Licence (or, in any Year when the End User Licence regime was not in existence, any authorisation which was used in place of an End User Licence) that End User will only be required to pay a Fee for that Year pro rated from the first day of the month in which it became an End User to 31 December of that Year, but in all other circumstances it will be required to pay the full annual Fee in accordance with paragraph 3.11 of Part A of this Rate Card.
- 11.4 Barb acknowledges that in certain limited circumstances an employee of a User's Associate, who is not contractually employed by the User itself (**Relevant Associate Employee**), may require access to the Data in connection with internal reporting on key business indicators to Associates, for example audience size and advertising revenue. Subject to the User notifying Barb in writing (in the form set out in Annexure F) of the identity of the Relevant Associate Employee and the justification for requiring access to the Data and the User procuring that its relevant Associate and Relevant Associate Employee comply with all terms of this Rate Card, Barb shall not unreasonably withhold its consent to permitting access of the Data to the Relevant Associate Employee provided such usage is only for purposes permitted under the terms of this Rate Card (including Internal Purposes). The User shall indemnify Barb in accordance with paragraph 8.13 of Part B of this Rate Card for any Associate's and/or Relevant Associate Employee's failure to comply with the terms of this Rate Card.
- 11.5 Subject to any approved uses granted by Barb pursuant to Paragraph 11.4 of Part B, every entity using Data or Barb-Related Services must be a User or an End User in its own right and have its own Licence or End User Licence, regardless of whether it forms part of a Corporate Group with another User or End User.

- 11.6 Where the User is paying a Fee based on an estimated amount of UK Television Billings, Programme Sales or any other Fee which cannot be calculated in advance including (without limitation) Fees pursuant to a Barb Licence contained in paragraph 2.2 or paragraph 7.1(c) of Part A, it shall pay the Estimate on account of the Fee (as the case may be) in accordance with the following provisions:
- (a) The User shall, in relation to any Year, pay the Estimate for the Year in quarterly instalments in advance on January 2, April 1, July 1 and October 1 in each Year.
 - (b) The User shall, in relation to each Year, submit to Barb a statement in such form as Barb may reasonably prescribe of the User's forecast of the Fee (as the case may be) for that Year, to which Barb shall have regard in establishing the Estimate for that Year. The forecast shall be based, in good faith, on the relevant Appropriate Measure. The first such statement shall be submitted on the date such User became a Barb User and each subsequent statement shall be submitted not later than November 15 immediately before the Year in question.
 - (c) Users holding Licences under paragraphs 2, 3, 6, 7.1(c), 9 and 10 of Part A shall deliver to Barb as soon as available and not later than January 31 after the end of each Year a complete and duly executed version of the pro-forma Declaration Letter set out in Annexure C of this Rate Card, which must be signed by a director of the User or, if the User is not a company, any other authorised signatory or signatories (as applicable), that details and certifies as accurate the amount of the Fee which is payable for that Year and the amounts by reference to which the Fee was calculated. If Barb considers it necessary to further confirm the accuracy of the statement, Barb may, in addition to any other rights it may have under this Rate Card, require by notice in writing to the User that the statement be certified as correct by the User's auditors at the User's cost. Barb may not give any such notice later than one Year after receipt of the statement to which it relates. If the Fee is more than the Estimate, the User shall forthwith pay the difference to Barb. If it is less, Barb shall forthwith repay the difference to the User or issue an appropriate credit note as the User shall decide.
 - (d) All Linear Services and VOD services that are Barb reported during the Base Period, irrespective of duration, shall count towards the licence fees outlined in paragraph 5 of Part A. Any VOD service which is not featured on the whitelist but captures content that can be attributed to a Barb reported service shall be included as a licence as outlined in paragraph 5 of Part A. A framework for the licence outlined in paragraph 5 of Part A is available from Barb upon request.
 - (e) Users holding a licence under paragraph 7 of Part A shall base their forecast for the Fee in paragraph 7.1(b) of Part A on the cumulative share of Total Identified Viewing for the third party linear services, VOD and Video-sharing Platforms they represent (excluding Barb Underwriter Linear and VOD services), as provided by Barb, for the Base Period. The Fee for paragraph 7.1(b) shall be reconciled not later than January 31 after the end of each Year using the cumulative share of Total Identified Viewing

for the third party linear services, VOD and Video-sharing Platforms represented (excluding Barb Underwriter Linear and VOD services) for the period of 12 months expiring December 31 for the Year of the Rate Card (the “calendar year”). The Fee in paragraph 7.1(c) shall be reconciled with the actual advertising revenue arising during the calendar year from sales in the UK. If the Fee is more than the Estimate, the User shall forthwith pay the difference to Barb. If it is less, Barb shall forthwith repay the difference to the User or issue an appropriate credit note as the User shall decide.

- (f) Barb may charge interest on any underpayment by the User at the annual rate of 3% above Barb's principal banker's normal base rate from time to time. The User may charge interest on any overpayment at the same rate.

- 11.7 The Fee for each Linear Service, associated Non-Linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform service for 2026 will either be calculated by reference to the average share of Total Identified Viewing of that service for the Base Period or as outlined in paragraph 1.4 by a combination of the share of Total Identified Viewing and the share of advertising revenue.
- 11.8 Where the calculation referred to in paragraph 11.7 is not possible because the Linear Service, associated Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform was not reported by Barb until after the start of the Base Period, the average share will be calculated quarterly by reference to the most recent figures that are available to Barb (covering a period not exceeding 12 months) and each quarterly instalment will be calculated at the annual rate applicable to that share. If the average share has moved the channel or associated Non-linear Channel into another banding tier, the Fees will be backdated accordingly.
- 11.9 Where a calculation in paragraph 11.7 is not available because the BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform is not whitelisted by Barb then Barb will add appropriate URLs to the whitelist and implement any other associated reference techniques (as outlined in paragraph 3, Part B) in order to commence measurement. The average share will then be calculated by Barb by reference to the most recent accumulative figures that are available to Barb (covering a period not exceeding 12 months) and each quarterly instalment will be calculated at the annual rate applicable to that share. If the average share has moved the SVOD, AVOD (including FAST Channels) or Video-sharing Platform into another banding tier, the Fees will be backdated accordingly.
- 11.10 The Fee outlined in paragraph 1.4 of Part A, for each Linear Service, Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform which is reported by Barb will be calculated by reference to the share of advertising revenue as defined by expressing the advertising revenue for the Linear Service, Non-linear Service, BVOD, SVOD, AVOD (including FAST Channels) and Video-sharing Platform as a percentage of the Advertising Association's reporting of total spot, sponsorship and VOD revenue for television for the Base Period. Should the SVOD, AVOD (including FAST

Channels) and Video-sharing Platform revenue data not be included in the Advertising Association's revenue for television, the platform's data will be added to the Advertising Association's total spot, sponsorship and VOD revenue before the share is calculated.

- 11.11 The advertising revenue for the Base Period is to be submitted for each Linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform by no later than November 15 to enable the calculation of the share of the advertising revenue. Such revenue will be treated with the strictest confidence by the Barb Executive and a Clean Team Agreement Letter in substantially the same form as set out in Annexure D of this Rate Card will be provided. If the service launches after the Base Period, and is unable to provide the share of revenue, then the licence fee will be based upon the lowest tier, until such share of revenue can be calculated.
- 11.12 Barb reserves the right to suspend the User's access to the Data and/or suspend reporting of one or more Linear Service, BVOD, SVOD, AVOD (including FAST Channels) or Video-sharing Platform in the event of late payment by the User of any sums due under this Rate Card until such time as all outstanding sums are paid in full. Further, in the event of persistent late payment by the User, Barb reserves the right to vary (at its discretion) the payment terms set out in this Rate Card.
- 11.13 Without prejudice to any other rights it may have, Barb may charge interest on any late payment at an annual rate of 3% above Barb's principal banker's normal base rate from time to time for the period from when the same was due until payment.
- 11.14 Without prejudice to the User's right to terminate this Rate Card under paragraph 13.2 and notwithstanding paragraph 17.2, Barb reserves the right at any time and from time to time to publish a new Rate Card to take effect in substitution for any Rate Card which is then in effect and to change any Fees or other sums payable pursuant to the Rate Card and this paragraph provided that not less than 30 days' written notice along with details of the proposed changes to the Rate Card has been given to the User of the implementation of the new Rate Card or the change. - 1.2 The Company expressly reserves any and all other rights in and to the Data other than the limited licence rights set out herein.
- 1.3 For the avoidance of doubt, no Broadcaster or Video-streaming Services Provider who has its Services reported by Barb may be an End User. Such Broadcaster or Video-streaming Services Provider shall be required to subscribe to the terms (including payment of fees) of the licence contained in either paragraph 1.3 or 1.4 of Part A of the Rate Card. Accordingly, any End User Licence entered into in breach of this clause 1.3 shall be void and shall have no legal effect.

2 **Scope of the Licence**

- 2.1 Except as otherwise provided under this End User Licence, the End User may use the Barb-Related Services only for their own internal purposes, that is to say for purposes which are internal to the business carried on by it but shall not include: (i) any other business carried on by the End User, (ii) resale of Barb – Related Services to or sharing with third parties, (iii) for the purposes of publicising the End User's Declared Business, (iv) Programme Sales or promoting sales of the End User's airtime and/or sponsorship opportunities (v) publishing in any form (electronic or otherwise) and (vi) other purposes which Barb may from time to time identify in guidance issued to Users and End Users generally.

- 2.3 End Users accessing the Channel Planner within the IPA's TouchPoints survey and receiving no other Barb-Related Services, may use extracts of the data within external presentations.
- 2.4 A Consultant is permitted to access an End User's Data without needing a separate End User Licence provided that the following criteria are met:
- the Consultant typically works from the End User's offices and uses such End User's facilities like any other employee of the End User;
 - the Consultant is working with Data exclusively for one Client at a time; and
 - the Consultant does not advertise, whether on his or her website or otherwise, that it provides Barb-Related Services.
- 2.5 A software company is permitted to access an End User's Data without needing its own, separate End User Licence where it is building a software system that will allow the End User to analyse Data. The software company will require a Licence as outlined in paragraph 3, Part A, if it uploads Barb Data on an ongoing basis to the End User's software system once it is built.
- 2.6 Subject to paragraphs 2.1, 2.2 and 2.3 the End User shall treat the Barb-Related Services as confidential to the Company and shall not disclose or otherwise divulge or permit access to any part of the Barb-Related Services (whether electronically or otherwise) to any person or make any other use whatsoever of the Barb-Related Services except as provided under this End User Licence. This obligation shall not apply to any part of the Barb-Related Services which is in the public domain otherwise than as a result of a breach of this End User Licence except as permitted by this End User Licence.

3 **Barb-Related Services**

- 3.1 The End User hereby acknowledges that the Data (in whatever form) is the result of statistical sampling and survey procedures which are designed to produce estimates of audiences within the limits of normal statistical error.
- 3.2 The Company does not warrant the accuracy of the Data and, subject to paragraph 5, the Company accepts no liability whatsoever to the End User in relation to the Data whether in contract, tort or otherwise including (without limitation) any errors, defects or omissions in the Data, any harm caused to any computer system caused in whole or in part by the installation or uploading of the Data onto that system delays in the delivery of or access to the Data, or any breakdown or cessation of the supply of the Data from the Data Processing Contractor(s), howsoever caused.

4 **Intellectual Property Rights**

The End User acknowledges and agrees that the copyright and all similar rights in the Data used in the Barb-Related Services shall at all times remain vested in the Company provided that nothing in this paragraph 4 shall prevent the use of the Data used in the Barb-Related Services by the End User in accordance with the terms of this End User Licence.

5 **Limitation of Liability**

- 5.1 The Company does not exclude or in any way limit liability for any liability to the extent the same may not be excluded or limited as a matter of law. Without limiting the foregoing, the Company does not exclude or restrict liability for its own fraud or for death or personal injury resulting from its own negligence.
- 5.2 The Company shall in no circumstances be liable to the End User in contract, tort or otherwise for loss (whether direct or indirect) of profits, goodwill, business (including, without limitation, advertising revenue) or anticipated savings or for any indirect or consequential loss whatsoever (including any such loss suffered by any other person in circumstances where that person is entitled to recover the same from the End User).
- 5.3 The Company's total aggregate liability to the End User (which shall include the Company's liability to an End User arising out of damage, loss, liability or cost incurred by that End User's Clients) in contract, tort or otherwise arising under or in connection with this End User Licence for any incident or series of incidents shall be limited to the lesser of: (i) £50,000; and (ii) a reasonable proportion (having regard to the Company's liability to any other Users as a result of the incident or series of related incidents in question) of such sums as are recoverable under the Company's insurance cover for the time being following any other claims on the Company's insurance cover relating to the Company's liability to its Users. In addition, in the event that the Company receives a further sum from Data Processing Contractors in relation to the relevant incident or series of incidents, such further sum shall be reasonably apportioned between the Users having regard to the Company's liability to each Barb User and/or End User and

the Company shall use reasonable endeavours to enforce the terms of its contracts with the Data Processing Contractors to recover such further sums for apportionment.

- 5.4 Each provision of this paragraph is to be construed as a separate exclusion or limitation applying and surviving even if for any reason one or other of such provisions is held to be inapplicable or unreasonable in any circumstances and shall remain in force notwithstanding termination of this End User Licence.

6 Indemnities

Without limitation to any other rights of the Company under this End User Licence or otherwise, including without limitation the rights of termination under paragraph 7, the End User shall indemnify the Company up to an amount of £500,000 for any damage, loss, liability or cost incurred by the Company arising out of any use of the Barb-Related Services by the End User in breach of any limitations on the use of Barb-Related Services under this End User Licence and the Rate Card, subject to the Company using reasonable endeavours to mitigate such damage, loss, liability or cost.

7 Termination and Expiry

- 7.1 The Company may terminate this End User Licence immediately in writing if at any time:

- there ceases to be any User or a User fails to pay their Fees payable under the Rate Card when due or commits or causes any material breach of its obligations under the Rate Card;
- an End User commits or causes to be committed any material breach of its obligations under this End User Licence provided that in the case of a breach capable of remedy the End User shall first have been given written notice by the Company or a User specifying the breach complained of and requiring the same to be remedied within a reasonable period of time from notification thereof and the End User shall have failed to comply therewith; or
- an End User becomes insolvent, makes any composition or arrangement with its creditors, or goes into liquidation whether voluntary or compulsory, or if any order is made or a resolution is passed for its winding up (other than for the purposes of a bona fide reconstruction), or if it ceases or threatens to cease trading or suffers the appointment of a receiver or administrator over the whole or part of any of its assets.

- 7.2 On termination of this End User Licence for any reason, the End User shall immediately cease accessing or receiving any Barb-Related Services not already made available to it. The End User shall however be permitted to use Barb-Related Services already made available to it and shall continue to comply with the provisions under this End User Licence.

8 **Third Parties**

- 8.1 Except insofar as this End User Licence expressly provides, a person who is not a party to this End User Licence has no right under the Contracts (Rights of Third Parties) Act 1999 to rely upon or enforce any term of this End User Licence but this does not affect any right or remedy of a third party which exists or is available apart from that Act.
- 8.2 Nothing in this End User Licence or any agreement, arrangement, understanding, liability or obligation under or in connection with this End User Licence is intended to confer any benefit on a third party within the meaning of the Contracts (Rights of Third Parties) Act 1999.

9 **Compliance**

- 9.1 The End User shall maintain proper books, accounts, records, systems, processes and information in relation to its use of the Data.
- 9.2 Any books, accounts, records, systems, processes and information to be maintained under this End-User Licence shall be subject to inspection on reasonable notice by Barb, its employees, agents or professional advisers who shall be entitled to take copies or extracts from such books, accounts, records, systems, processes and information and to such further information and action as may reasonably be required to establish or verify the End User's compliance with its obligations under this End User Licence.
- 9.3 The End User shall cooperate with any inspection or other request carried out under paragraph 9.2.
- 9.4 Barb, its employees, agents and professional advisers shall treat books, accounts, records, systems, processes and information and information provided in accordance with this paragraph 9 as confidential and shall not disclose or otherwise divulge the same or any information contained in such books and records to any other person. The rights and obligations of the parties under paragraphs 9.1 to 9.4 shall continue for a period of 12 months following termination of this End User Licence.

10 **Whole Agreement**

The parties acknowledge that this End User Licence is entered into pursuant to and subject to the terms of the Rate Card (which is published on the Barb website at www.barb.co.uk) and, to the extent that there is any inconsistency between the two, the parties to this Agreement agree that the terms of the Rate Card shall prevail and that this Agreement shall be amended accordingly.

11 **Law and Jurisdiction**

This End User Licence shall be governed by and construed in accordance with the laws of England and Wales and each party irrevocably agrees to submit to the exclusive jurisdiction of the courts of England and Wales over any claim, dispute or matter arising under or in connection with this End User Licence.

5.10 Clause 5.8 and 5.9 do not apply to the service of any proceedings or other documents in any legal action or, where applicable, any arbitration or other method of dispute resolution.

5.11 Unless it expressly states otherwise, this Agreement does not give rise to any rights under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Agreement.

5.12 This Agreement, and any matter, claim or dispute (whether contractual or non-contractual) arising out of or in connection with it, will be governed by, and construed in accordance with, the laws of England and Wales.

5.13 Each of the Parties irrevocably agrees that the courts of England and Wales have exclusive jurisdiction to settle any claim or dispute (including non-contractual claims and disputes) which may arise out of, or in connection with, this Agreement or the relationship between the Parties.
